

NEW PLUMBING BUSINESS OPENS IN LAKESIDE

The opening is announced for Saturday, June 3, of the National Plumbing and Heating Co., a new Lakeside firm, under the management of Jim Eakes and Jos. Iapaluchi.

A full line of plumbing and heating fixtures will be stocked.

The new firm is ready to "go places," judging by the two service trucks pictured above. Standing between them are (left to right): Jim Eakes, Mrs. Eakes, Mrs. Iapaluchi

and Joe Iapaluchi. PAUL ROBERT VALLEY STUDIOS

Jim Eakes is not a stranger to Lakeside, having purchased a home in Winter Gardens several years ago. One reason he has made numerous friends here has been because of his willingness to lend a hand when needed. One example was when he installed the plumbing for the Community Church.

He supervised the installation of plumbing in the new Lindo Park Grammar School.

VOTE TUESDAY, June 6

Tuesday, June 6, is election day. Lakeside voters will cast ballots from six polling places:

Precinct 1 — Lakeside Theatre, Maine ave., Lucy E. McKay, Inspector.

Precinct 2 — C. L. Weston Dairy, Lorraine M. Weston, Inspector.

Precinct 3 — Phillips residence, Olive ave., 1/4 mile N. of Cherry, Pearl Phillips, Inspector.

Precinct 4 — Garage on Avocado dr., between Gardena and Golden, Raymond T. Wake-man, Inspector.

Precinct 5 — Arthur Merrill office, Linden rd., off Cajon rd, Helen Merrill, Inspector.

Precinct 6 — Recreation Hall, Woodside and Prospect, Clara Foster, Inspector.

Lakeview Precinct—Hillside Turkey Farm, Highway 80, 1 1/2 miles east of Glenview, Celeste Pinkard, Inspector.

The No. 1 contest is between incumbent Governor Earl Warren and his Democratic opponent, James Roosevelt.

With both cross-filed, it is theoretically possible, but not probable, for either to be eliminated at the primary.

Leading candidates and the offices they seek are:

Lieutenant Governor — Goodwin J. Knight, Raymond V. Darby.

Controller — Thos. H. Kuchel, Wm. E. Bittner.

Attorney General — Fred N. Howser, Edmund (Pat) Brown.

State Board of Equalization — 4th District — Wm. G. Bonelli, Ernest E. Debs.

U. S. Senator — Earl D. Desmond, Helen Gahagan Douglas, Richard Nixon, Manchester Boddy.

Congress (23rd District) — C. D. McKinnon, Leslie E. Gehres, Jas. B. Abbey.

State Senator (40th District) — Fred H. Kraft, Robert F. Driver, Fred W. Simpson.

State Assembly (80th District) — Ralph E. Cloyd, Edwin M. Campbell.

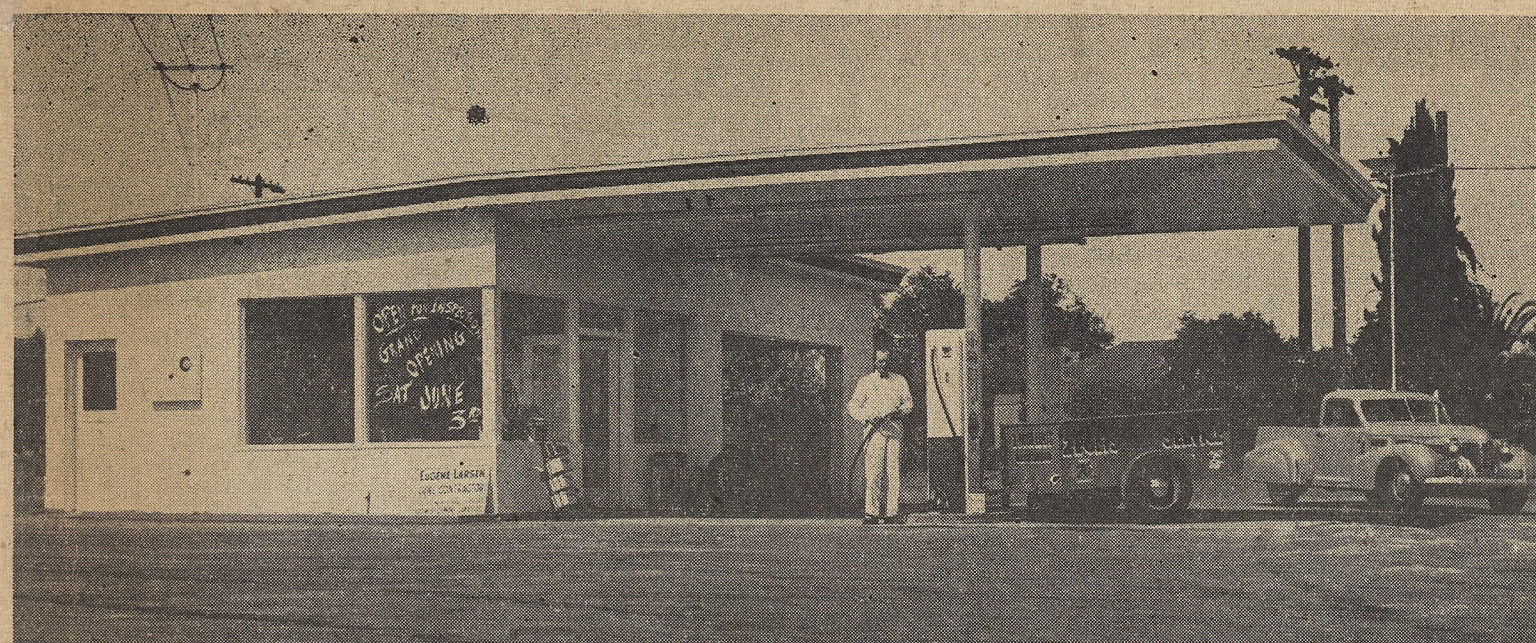

Superintendent of Public Instruction — Roy E. Simpson and Bernadette Doyle.

Sheriff — Bert Strand, Charles S. Patterson.

District Attorney — James Don Keller, Roland F. deFere.

Treasurer — Delavan J. "Del" Dickson, Ed. Secora.

NEW ZEGGLIS SERVICE STATION REFLECTS GROWTH OF LAKESIDE

Frank Zeglis, Sr., has often expressed the conviction that Lakeside has only begun to grow and his new service station, pictured above is tangible evidence of his belief. The Zeglis Super Service Station at Cajon Road and Woodside Avenue, opens June 3, with free gifts for men, women and children.

Mr. and Mrs. Zeglis built one of Lakeside's most attractive

homes a few years ago. Plans are also completed for a super fruit and produce market to be erected next to the station in the near future.

A unique feature of Zeglis Service is a trailer for the customer's use without charge.

Cold War Cause Of High Taxes Says Congr. McKinnon

"The American taxpayers cannot expect much relief until we settle our cold war," Congressman C. D. McKinnon said in Lakeside Monday. He met informally with a small group of citizens at Lindo Lake Park.

R. C. Driver, Democratic candidate for State Senator, was also present and expressed himself on several issues, namely: a tax on tobacco to assist schools; against legalization of gambling; against lowering of import duty on lemons grown abroad; for all help possible to the tunnel project.

"Our country has committed itself to \$22 billion annually to fight the cold war," Mr. McKinnon said. "Benefits to veterans are also ten times the amount spent in 1939, and we are paying 300 times more for foreign aid than in 1939," the congressman said.

Before the year is over it is probable two thirds of the government reorganization bills will be passed, Mr. McKinnon predicted. Twelve bills, based on the Hoover report, have already become law.

Progress is being made on the Laguna Tunnel Project, which to date has secured committee authorization for \$50,000 expenditure for a survey. Congress still has to appropriate this money, however.

The congressman said his bill authorizing expenditure of funds for research on the conversion of sea water into fresh water will be considered this summer by the public lands committee.

Report Yellowtail Catch "Biggest Ever"

In what was reported to be the "biggest catch ever" from a sport fishing boat, over a hundred yellowtail were brought into San Diego today (Thursday) from off the Coronado Islands.

The haul was made aboard the boat "Old Ironsides."

At least one Lakeside fisherman, Dane Carender—was preparing to try his luck Friday.

38-Pounder for Erman Kouns.

One of the largest yellowtail caught by a local fisherman was brought back to Lakeside last week. Erman Kouns netted one that tipped the scales at 38 lbs.

Republican Rally In Lakeside Friday

All Republicans will rally at the Lakeside School Friday night at 8 p.m. for an open discussion of candidates seeking office in the coming election.

The meeting has been arranged by George Langworthy and Sherman C. Scott who extend a cordial invitation to all voters to attend. A chairman will be selected at the meeting to lead the discussion.

The pro and con of various issues and personalities will be presented.

Ask Court To Validate Irrigation Dist. Warrants

A petition for validation of the Eucalyptus Hills Improvement District No. 1 has been prepared by Allen C. Mitchell, attorney for the Lakeside Irrigation District, and will be filed with the Superior Court of San Diego County after action of the board of their meeting June 6.

Following the filing, the petition will be published or posted and a hearing called. The court then issues its official decree.

The entire court procedure usually requires about 60 days or more before the warrants can be offered for sale.

Committee Plans Barbershop Capers

The planning committee for "Barbershop Capers" to be staged in Lakeside July 8, met at the home of Allen C. Mitchell Tuesday night.

Bert Webb, chairman, announces the show will have plenty of comedy, barbershop harmony and specialty numbers.

It is the feeling of the committee that the "Capers" will be as good or better than any show ever presented in Lakeside. They ask that the date—July 8—be reserved now.

Navy Chaplain Guest Speaker for Baptists

Chaplain Davis of the U. S. Navy will fill the pulpit for the Sunday morning and evening services, June 4, in the absence of Rev. Shannon. All people of the community are invited to come and hear this inspiring messenger of God. The time of the worship services will be at 11:30 a.m. and 7:30 p.m.

The Brotherhood will meet Thursday, June 8, at the church for their monthly dinner meeting.

Don't forget the Vacation Bible School June 19! Parents are urged to send their children to this school for good nondenominational training. Mrs. Virginia Davis, who has her Master's degree from Southwestern Seminary is the capable principal. She will teach a study course to all the workers of the Vacation Bible School, Tuesday, June 6.

The ham dinner served last Saturday by the local Baptist Church was a huge success. Thanks are extended to all those who helped to make it so.

A large crowd attended the Eagles third annual All-Western Horse Show and Gymkhana held Sunday at the Rock 'N Ride ring.

No Organized Crime In S. D. County, Says District Attorney

San Diego County is not free from organized crime by accident, according to its district attorney, Don Keller. He says the only reason that criminal rackets are not in operation here is because his department maintains constant vigilance to keep them out.

Mr. Keller spoke on problems of law enforcement at a luncheon meeting of the Lakeside Kiwanis Club last Wednesday. He was accompanied to Lakeside by O. W. Todd, Jr.

The district attorney said that when he put 125 bookmakers out of business in San Diego, he forestalled a move by racket gamblers to move into San Diego. "I will continue to keep San Diego from becoming a wide open town," he pledged.

He said there had been an increase in the volume of crime on the State level, but that was not alarming because of the increase in population that California has had.

Hoodlums, Gangsters Unwelcome

"Every law enforcement officer should meet the people and discuss their problems," Mr. Keller said. "The people should make it clear that hoodlums and gangsters are not wanted in California, and it is the duty of every citizen to see that his own community is free of vice."

John Rocchio was chairman of the day and introduced the speaker.

Guests included Rev. Ted Roberts, Rev. John Shannon and Winn Ward, Lieutenant Governor of the 11th District, Kiwanis International. Mr. Ward told some of the highlights of his trip to the International convention at Miami.

Don H. Murdoch, president of the Peerless Laundry, Ltd., at Winnipeg, Manitoba, has succeeded J. Hugh Jackson of Palo Alto, as president of Kiwanis International, which now embraces more than 3,100 clubs throughout the United States, Canada, Alaska, Hawaii and the Yukon Territory.

VFW Plays Church Team Here Monday

The Lakeside VFW softball team will play the Kensington Community Church team in Lakeside next Monday night. The game will start at 8:15 p.m. at the Grammar School field.

Only one run stood between the local VFW team and a chance to go to the State VFW tourney at Long Beach, but that one run couldn't be produced and San Diego VFW took a game last week from the locals, 13 to 12.

San Diego scored 9 runs in a big rally in the 3rd inning and built up a 9 to 2 lead. Lakeside came back in the next inning with a 10 run spurge to forge ahead. San Diego kept whittling away at that lead, however, and finally overcame it.

Tennis Tourney To Be Held June 12

All boys 18 years of age or under are invited to sign up for a tennis tournament to be played this month at the Lindo Park courts. The first round starts June 12.

The tournament is sponsored by the Lakeside Kiwanis Club and is to be an annual event.

All boys interested can sign up with Dick Held, or call H. 4-7219.

A trophy will be awarded the winner of the tournament. The trophy will be perpetual.

Boys who have signed up so far include Allen Feiler, David Muse, Bernard Gorsepe, Ray Walters, Tom Barkdull, Keith and Kenneth Polk, Kenny Gallagher and Ted Gimble.

To Run Barbershop For Three Months

Mr. and Mrs. Howard H. Barkdull, parents of Thos. H. Barkdull, Lakeside surveyor, moved to El Cajon this week from Redondo Beach.

Mr. Barkdull will take charge of George Bowker's barbershop for three months while the latter is away on an extended vacation.

Mr. and Mrs. Bowker will leave this week-end to drive to Iowa, Mich., their former home, where they will visit friends and relatives.

Vern Vowles Still Ill

Little change for the better this week, is reported in the case of Vern Vowles, Bostonia poultry buyer, who has been confined to his home with illness for several months.

Visitors From Tacoma Home-Hunting Here

Mr. and Mrs. Frederick C. Treptow of Tacoma, Wash., are guests at the Lakeside Hotel while shopping for a home in this area.

Mr. Treptow was a freight dispatcher with the Santa Fe railroad for almost 30 years before his recent retirement. His railroading career started in 1894 when he started working for the Western Union, delivering telegraph messages.

Mr. and Mrs. Treptow became interested in Lakeside after receiving a Chamber of Commerce booklet and several copies of the Lakeside Star.

En Donde Vamos?

By LANGLOIS

I will have to skip my reminiscing this week to discuss some matters more important. This is brought about by the fact that an avowed Communist, educator and organizer is on the ballot for State Superintendent of Education.

Inasmuch as elections are next Tuesday, may I ask how many of our readers are familiar with the history and background of the candidates they intend to vote for. We have heard and read reams on Communism, and its way of life, so let us discuss this matter in terms of the man on the street.

To begin with, Communism did not originate in Russia. Its origin is in the French Commune. Now, if I have read Karl Marx right, Communism is more or less the subjection of the individual to the State. In other words, the benefit of the mass at the expense of the individual. Now according to that theory, all wealth is equally shared. No one is hungry or in need.

The purest form of that sort of Utopia was destroyed by Pizarro when he took over the Incas empire. In case some scholar takes me to task for using the name Incas Empire, I'll explain it by saying that I use it because it is the commonly known term applied to that civilization. That civilization had no known name except "Tavantinsuyu," which meant the four corners of the earth.

Let us go from there. The term Incas meant ruler. These rulers were something special, a good deal on the order of the Egyptian Pharaohs. During the period of their existence, every child had his life laid out for him. As a consequence it crippled individual effort and when a handful of fighting Spaniards came, the Empire toppled.

In this nation today I doubt if even the FBI knows how many misguided idiots dream of a Communist paradise. They confuse the present communistic despotism with dreams of wishful thinking. If it is a government of the masses, why is it that some 5% of the Russians rule 95% by fear and force. Some 40 years ago I had plenty experience with a group known as the IWW. These thugs attained their ends by propaganda and force. No means were too foul to attain their objective.

A nation to stand must be made of free men who are willing to lay down their lives for their principles. Whenever a nation gets to the point that it has to employ mercenaries to do their fighting, that nation is gone. However, it takes more to make an American than chest thumping and flag waving. It takes thought and ability to separate truth from bunk, and the willingness to fight for the right of the other fellow to disagree with you.

That was the reason the Incas fell. They let their rulers do the thinking and mercenaries do the fighting.

The job of running a nation is placed in the hands of elected servants of the people, but it is the job of the people to see that their officials do the job they were put there to do. You just don't hire a man to do a job on a two or four year contract, and forget him. No private enterprise would last long if it tried that system. You know we have the right of recall.

Now, to continue on this Communist dream of sharing every-

San Diego Can No Longer Gamble on Rain, Says Simpson

"It is sheer folly to gamble on rainfall in San Diego County," Fred W. Simpson, Democratic candidate for state senator, told members of the Lakeside Optimist Club at a dinner meeting last week in Lakeside.

"The dust covered-bottoms of what used to be our county's finest lakes and reservoirs are mute testimony that we cannot depend upon a capricious nature to supply our needed water," Mr. Simpson declared.

Neither can county communities gamble on the present supply of Colorado River water to alleviate the serious water shortage, Mr. Simpson went on to say. "We must concentrate on getting the second barrel to our aqueduct completed at the earliest possible moment," he stated.

Mr. Simpson also outlined other possible sources of water for agricultural and industrial use, including water from the Columbia River basin and the conversion of ocean water. Exorbitant costs, he said, would prevent either of those projects from becoming a reality in time to keep pace with the county's rapid growth in population and products, and their current consideration serves only to distract attention from the Colorado River water crisis.

thing. I for one don't know any husbands or wives who'll share their mates. As for one big union, who all receive the same wages, regardless of ability, how long will it take the willing workers to get fed up with receiving the same pay as some loafer who does 5% of what he does. I have seen too much of that sort of thing on construction jobs, where a good carpenter with a full kit of tools got no more pay than some bum who got by with two bits worth of tools and never used them.

This nation was built by men who had the insides to go out and take a chance, and work to whatever goal they set for themselves. The same applies to all here today. In fact more so, and there are men in today's growing generation just as good as those who conquered the wilderness. But our pioneer ancestors did not have to combat the creeping ism's that beset us today.

What causes me to look over my shoulder, is when an avowed enemy of this form of government attempts to get into our school system.

There is just one answer to these deluded knotheads who think that Communism is the answer. Either they are failures in their line of endeavor and figure Communism will put them in power or they are paid stooges taking orders from abroad. Or else they are just dumbbells. You just don't have the least idea of how precious your way of life is in this nation, and you've no idea how easily you may lose it if you fall asleep at the switch.

I have had some considerable experience with dictators south of our border, and I can assure you if you want to cry without shame, just be out for some six months in the wilderness and all of a sudden you hear the putt-putt of a motor boat and see it coming around a bend on the river with the Stars and Stripes in the bow, denoting that it is the American Consul. Brother, you really blow up.

Junior TNT Plans To Entertain Husbands

The Jr. TNT Club met Wednesday at the home of Mrs. Eloise Barker in Lakeside. Two guests were present, Mrs. Betty Wilkinson and Mrs. Mamie Clevenger. Plans were discussed for a potluck dinner to entertain husbands in June. Delicious refreshments were served by the hostess.

Lakeside Thrift Shop Closing Out With Sale

The PTA-sponsored Thrift Shop which has been doing business in the Arcade Building will have a one day clearance-rummage sale Saturday 9:30 to 4:30. The shop will be discontinued after this sale until further notice.

There are many dresses, coats, skirts, for women; suits and odd coats for men; little girls' dresses, many assorted garments, shoes, hats, etc.

Prices will be cut to a giveaway level, it is said. Many articles are of good quality material but are out of style. Those who saw have used the Thrift Shop to good advantage in the past and mothers of small children will find many good buys.

Hobart to Be New Phone Call Letter

Harrison and Hobart are the prefixes assigned to telephones which will be served by the new Alpine and Lakeside central offices. Sidney S. Campbell, manager of The Pacific Telephone and Telegraph Company has announced. Telephones in the Alpine area which are now served from the El Cajon central office and bear the Hilldale prefix will be changed to Harrison numbers. Likewise, Hilldale numbers in the Lakeside area will be changed to the new Hobart prefix.

Mr. Campbell said that subscribers whose telephone numbers are to be changed will be notified well in advance of the actual "cut-over" to the new numbers.

The Alpine building, located on Victoria dr. near Highway 80, was completed this week; work on the Lakeside structure, located on Woodside dr. about a mile west of the center of the community, is scheduled to be completed next month, according to the manager.

Installation of the switching equipment in the buildings and the rearrangement of cables to "tie-in" the central offices to the network of communication facilities is scheduled to be completed late this summer, Mr. Campbell said.

The manager pointed out that the two new central offices, which are scheduled to be placed into operation early this fall, will house dial switching equipment designed to serve telephones in the respective communities. When placed into operation, both offices will become satellites of the El Cajon exchange dial switching center at 599 East Main st., El Cajon.

"Completion of the offices, following purchase of the property, represents the second step in Pacific Telephone's program of central office expansion here," Mr. Campbell stated. "Several more steps are necessary — installation of equipment, rearrangement of cables, and testing — before the new offices may become integral parts of the telephone system."

Many Attractions at Forthcoming Bazaar

Plans are nearing completion for the bazaar to be held June 10 and 11, on the grounds of Our Lady of Perpetual Help Catholic Church.

The bazaar will have attractions for all ages, from the young youngsters to the old youngsters. Activities will start Saturday at 4 p.m. and Sunday at noon. Some of the booths are the fishpond, hamburger, ice cream, and pop, baseball, ham, fancy work and many others.

The Sunday feature will be a chicken dinner from noon until 7 p.m. Mrs. Wm. Funk is chairman. Donation is \$1 for adults, and 50c for children. The meal includes drink and dessert.

The following are chairmen of this event: General chairman, Gene Larsen; co-chairman, Wm. Funk, Wm. Phillips and Wm. Yogerst. Fred Kemp is treasurer. Booth chairmen are Mrs. Sink, Mrs. Yogerst, Mrs. Barkdull, Mrs. Shellum, Miss Pat Peterson, Maurice Smith, Emil Nagler, Jr., Mr. Bauman, Lee Flynn and Bob Kacher.

WOMEN'S FELLOWSHIP

Mrs. Stanley Conant announces there will be a short business meeting of the Women's Fellowship after the luncheon June 5 given at the Memorial Building.

County Orders SIGNS for Death Trap Cure

We have received a letter from the head of the San Diego County Road Department, Joe Mack, informing us that signs—get it, signs—will be erected at the death curve going past Lindo Park School. This is the answer to an open letter we sent to the Board of Supervisors some time ago.

Now, we ask you, have you ever known a potential road assassin or tanked-up driver to read a sign? Neither have we. But the County Road Department apparently believes otherwise, and to definitely convince them of their error, it will no doubt be necessary to maim or kill a few school children.

The answer to that curve is known to our Supervisor, Dean Howell, and is known to Joe Mack. The answer is STRAIGHTEN THAT CURVE!

Do the PTA, the Chamber of Commerce, the Service Clubs and the parents of Lakeside intend to sit down and wait to see a few mangled children before they wake up?

While on the subject of death traps, take a look at that palm tree and blind spot on the corner of Woodside and Cajon Road. Why must someone have to rub our elected officials' noses on these spots before action is taken? We wouldn't know the answer to that, but one thing is certain. Some attention must be paid to the death traps.

Are You A Flirt?

"Most women," says Alice-Leone Moats, "are born flirts. A village maiden of fourteen may well have the skill of a Cleopatra." Alice, who obviously has her share of natural qualifications, outlines the "six stages in a flirtation" in the May issue of Cosmopolitan magazine. She tells why women flirts are often admired, although men flirts are invariably condemned by society. While admitting that flirting is an art, she laments that it "has fallen into the same class as the art of leechmaking—ornamental, charming, an aesthetic delight, a joy to the connoisseur, but almost a roccoco affectation in this machine age." One look at Alice, we suspect, could make old-fashioned men out of mechanical wizards.

Lady In Distress?

By Betty Barclay

If it's lack of time that distresses you during this busy spring housecleaning period, let pre-cooked rice come to your rescue. You can stay with your chores 'till practically the last minute and still prepare a delicious main course dish that really satisfies—Bacon 'N' Egg Rice. 1 package (1½ cups) pre-cooked rice; 1½ cups water; ½ teaspoon salt; 5 slices cooked bacon, diced; 2 hard-cooked eggs, diced. Combine pre-cooked rice, water and salt in saucepan. Mix just until all rice is moistened. Bring quickly to a boil over high heat, uncovered, fluffing rice gently once or twice with a fork. (Do not stir.) Cover and remove from heat. Let stand 10 minutes. Add diced bacon and eggs. Serve with creamed peas or cheese sauce. Makes 6 servings.

Moth Proofing Not Sure Cure

There is no solution on the market which will absolutely and permanently moth-proof fabrics, warns Home Advisor Marguerite Wurtsbaugh, of the University of Calif. Agricultural Extension Service. She does add, however, that some of the better moth-proof solutions will give enough protection to make them valuable if the garment is thoroughly soaked in them.

Dry cleaning and washing will kill all forms of moths in clothing, but will not make them resistant to future attacks. Mrs. Wurtsbaugh suggests wrapping newly cleaned woollens in newspapers immediately and adding flake naphthalene before storing them away. Clean woolen sweaters can be "canned" in mason jars to keep out the moths.

The most simple protection against moths, according to Mrs. Wurtsbaugh, is to keep clothing clean and sun it occasionally. Moths cannot stand bright sunlight and the larvae will drop to the ground when garments are hung on the clothesline. Brush the seams and pockets where the larvae especially like to hide.

Good housekeeping is also important in the battle against moths. Woolen rugs kept around the house can be responsible for serious moth problems. Keep the rugs well vacuumed and swept.

Some houses are so infested with moths that the entire house must be fumigated. This is a dangerous job which should be handled only by licensed pest-control operators. Mrs. Wurtsbaugh cautions.

Mr. and Mrs. Enrico Callendo and daughters, Dee Ann and Jo Ann, and Mr. and Mrs. Fred Blutt and daughter, Barbara, attended the square dance at the Lemon Avenue School in La Mesa Saturday evening. Following the dance, they went to the Blutt home for refreshments.

Mr. and Mrs. Dayton Suman, Claudia Jo and Barbara Ann and Mr. and Mrs. Dell Roberts and children of Spring Valley enjoyed a picnic breakfast and fishing at Oceanside Saturday.

Allen Copeland, son of Mr. and Mrs. Paul Copeland, celebrated his eleventh birthday Saturday by attending the Padre game in San Diego with his aunt and uncle, Mr. and Mrs. Glenn Copeland and Bobby Copeland of Spring Valley and Bobby Speckman of San Diego.

Mr. and Mrs. Harold Ammons and Mr. and Mrs. Winard J. Davis entertained a small group of friends at a cocktail party Monday evening at the Ammons' home before attending the homecoming dinner dance honoring Congressman McKinnon held at the American Legion Hall, La Mesa.

Mr. and Mrs. Milton Blakely and Mr. Blakely's mother, Mrs. Ella Blakely, all from Sacramento to Valley left Sunday after spending several days at the home of Mr. and Mrs. Russell Leech.

Mr. and Mrs. Wm. Landes and Mr. and Mrs. Enrico Callendo were Sunday evening supper guests at the Lakeside home of Mr. and Mrs. Louis Rulik.

Mr. and Mrs. Dan C. Bradshaw, Tucson, have been houseguests of his sister, Mrs. Etta Chamberlain, the past two weeks. They are former residents of El Cajon, and are giving some thought to moving back to the Valley.

Mr. and Mrs. Henry Worsham have sold their home at 1339 E. Orange, Bostonia, to Mr. and Mrs. Ray James, San Diego. The Worshams will spend the summer near Alpine before looking for a new home.

"Grandma's Album" Characters Parade

The people on Main st. of El Cajon last Saturday afternoon found themselves viewing with interest a group of strange characters right out of Grandmother's album parading down the street and stopping in for refreshments at a local restaurant.

The paraders, headed by a burly Indian, "Heap Big Smoke," and his maid, "Laughing Water," later discovered to be members of the El Cajon Valley Chorus, gave local people a glimpse of what is in store for them Thursday and Friday, June 8 and 9, at 8 p.m. at the El Cajon Grammar School auditorium when the curtain rises on "Canyon Shenanigans," the western musical show to be presented by the chorus.

You too will wonder in amazement with Ezra, The Tenderfoot, (Al Auller), at the tall tales and homely philosophy of these westerners and the sage com- (Otto Meier). Ma Yokum, (Thelma Koppang), has even consented to reveal her favorite recipe.

Special performers will be Old Timer, (Eugene DeBell), Joe Digger, (George Moore), Buckskin, (Dorothy Horde), Ole, (Emil Koppang), Sally, (Nanette C. Thompson), Ike, (Lavarr Bagley), and Mary Turner. Supporting roles will be played by the Cook, (Margot Miller), Lulu Bell, (Ellen Norris), Slim, (Ed Meyers), Laughing Water, (Anna Meier), Miss Nelly, the teacher at Toewash school, (Ellen Jensen), and Anders Jensen.

You will thrill to the dancing feet of Roberta Montgomery and Joyce Mott and once again hear the charming songs of the Caliendo sisters and Phillip Zellar. The aim of the vocal group is to raise funds with which to supply the music departments of the various schools in the Cajon Valley district with more band and orchestra instruments.

Your contributions will be greatly appreciated. No admission fee will be charged at either performance.

VISITORS FROM PORTLAND

Mr. and Mrs. A. G. Houston and two children from Portland, Ore., are houseguests at the home of Mr. and Mrs. Robert Staite, Winter Gardens. Mr. Houston is awaiting transfer orders from his station in Portland, hoping for duty in the San Diego area in order that the family may again be at home in their property on Cajon rd.

Harry Hill and his granddaughter, Leslie Ann Horde, Phillip Zellar and Barney Thompson attended the Padre game in San Diego Saturday.

Valley Orthodox Presbyterian
At the annual meeting of the Valley Presbyterian Church, Fred Carmichael was elected Sunday

School Supt.; Mrs. Jerry Cook, Assistant; Joe Francken, Treasurer and Mrs. Conard, Secretary. Two new classrooms have recently been added to the church which will enable the increasing enrollment to be more adequately taken care of.

CREST HIGHLIGHTS

By IRENE YOUNGHUSBAND

COMING EVENTS
June 1—La Cresta Women's Club at 1 p.m. in the Suncrest Clubhouse.

June 2—Crest Teenagers.

June 1—Altar Society of the St. Louise Church is holding a special meeting at the home of Mrs. Isabel Duffy with Mrs. Agnes Gilbreath as hostess. This meeting is to plan the turkey dinner the church is giving on June 25.

June 7 — Crest Public Utility Water Company in the water office on Suncrest blvd.

The Hilltoppers potluck supper last Sunday was attended by a capacity crowd. It was decided to hold the next Hilltoppers potluck in conjunction with a picnic and celebration to be held July 2 in Nancy Jane Park on La Cresta blvd. The occasion will honor the completion of the new water system. The Crest ball team will have a game with some worthy contender on the same day at the Crest ball park. Time and other particulars will be announced later.

KNOW YOUR FIRE DEPT.

Mickey Walker, chief of the fire department, urges every able-bodied man on the Crest to avail himself of the opportunity to learn to handle the Crest fire fighting equipment. Be at the Crest firehouse every Thursday evening at 7:30 p.m. and get acquainted with your fire department and your neighbor.

Chalk up another noble effort for the Crest junior smoke-eaters team. They played the El Cajon junior ball team in El Cajon Saturday, May 27, and showed much improvement since their first game. The score was 14 to 6.

One of the Crest's earliest pioneers, Mrs. Kate Grove of Del Mar, is visiting Mr. and Mrs. A. P. Younghusband for a few weeks. All the cabins on the hill could be counted on the fingers of one hand when the Groves started to build their log cabin on Crest dr. in 1924. This cabin is still owned by Mrs. Grove.

Reserve this date: June 9; time, noon 12:30; Suncrest Clubhouse; luncheon 50c; children 25c; and food demonstration. Everyone is invited. Proceeds go to the La Cresta Women's Club.

Mr. and Mrs. C. C. Hamby have returned from a ten-day vacation. They visited Carlsbad Caverns and many points of interest in the surrounding territory. A very pleasant trip was made into Juarez, Mexico. They found the old church, built without nails, and all hand carving, was quite interesting and inspiring. The beams of the church were hauled from South America by ox teams.

Mrs. Daisy Day is recovering from a two-weeks spell of flu.

SAN DIEGO COUNTY HISTORICAL SCRAPBOOK
Compiled from the historical records of
UNION TITLE INSURANCE AND TRUST COMPANY • SAN DIEGO

San Diego has had a St. James Hotel since the city's earliest days, but not always on the same site! The first St. James, built in 1885, stood on F Street between 6th and 7th.

It was a wonderful building in its day and was built by one of San Diego's most distinguished citizens, Dr. P. C. Remondino. A native of Italy, Dr. Remondino came to San Diego in 1870, after serving as a surgeon in the Union Army during the Civil War.

He was San Diego's first physician and surgeon of note, and wrote a great many pamphlets on medicine and health, dealing primarily with climate. He also worked for 45 years on an impressive "History of Medicine."

Dr. Remondino's St. James Hotel stood until 1912, when the name was taken by Meyer and Davidson, two San Diego merchants, for the present St. James Hotel on the west side of Sixth Avenue. At that time, and for many years, the new St. James was the tallest building in the city.

The photograph above, from the historical files of Union Title Insurance and Trust Company, shows Dr. Remondino's hotel as it appeared in 1909. This site is now occupied by the Maryland Hotel.

Valley Realty Board Names Its Officers

Permanent officers were elected by the new El Cajon Valley Realty Board at their meeting Tuesday evening.

Elected president was J. J. Burke of Bostonia; first vice president, C. H. Dann of El Cajon; second vice president, Mildred Whitaker of Lakeside; secretary, Paul Hunter of El Cajon; treasurer, Ralph N. Little of El Cajon.

Elected to the Board of directors were Erich Reinau, Ralph E. Spald, Dan Thren and Arthur Dorval, all of El Cajon.

One of the basic purposes of formation of this local Realty Board, as stated at the meeting Tuesday, is to enable the local realtors to combine their efforts to improve conditions in this area relative to transportation, schools, water and other major problems that face this rapidly growing district.

The El Cajon Valley Realty Board will hold a charter from the State of California and from the National Association of Realty Boards.

SANTEE SIDELIGHTS

By GELENE HARRITT

Edward Gunther arrived last week to make his home in Santee with his parents who have purchased the Cheney place on Mission rd. He has been staying with his grandmother in Kansas until the school term was out and is looking forward to entering Santee School in the Fifth Grade in the fall.

Santee made the headlines in a tragic way early this week, after the crash of a Vultee BT 13B trainer plane, piloted by Bernard Hazen, crashed fatally 200 feet from the Joritsma home Saturday night.

Don't forget to look at your sample ballot for your voting place for the election next Tuesday, June 6. This area has been reassigned by the election board, and Precinct No. 2 will vote in the Gegax Garage.

Turn off the Mission Gorge road at Olive lane to Pioneer, and watch for the flag at your right. Precincts will be open from 7 till 7.

The Santee 4H group is busy working on their Fair exhibit and preparatory to it will hold a project tour on June 10. The group will meet at the church at 9:30 a.m. and the tour will last until 12.

This Sunday the Santee Cubs and their parents are planning a picnic at El Monte, after church.

The Hugh Goods, with Peggy Ann Topp as Nancy's guest, spent the week-end at their mountain cabin.

Green Valley Falls was the scene of a family picnic Monday, as the Willard Westphalls entertained two of Mr. Westphall's brothers' families from the East. Visiting here for the rest of the week are Mr. and Mrs. Ross Westphall from Lewiston, Ill., and Mr. and Mrs. John Westphall from Hillsdale (near Cheyenne) Wyoming.

The Mr. and Mrs. Club will meet this Friday evening at the Harry Elams.

Grandpa Fleming was honored Tuesday, the occasion being his 77th birthday.

The Eugene Smiths and Don Kesters have purchased cars—the Smiths a Lincoln and the Kesters a Nash.

Sunday a party of old time Santee friends met together for dinner at the Elams. Present were Mr. and Mrs. Charley Cook, Roy Wilson, Bill and Margie Love and Valerie, Joyce Robinson and Mrs. Hattie Love.

Santee was well represented at Lane Field last Saturday when two local groups went en masse, to root for the Padres. The Santee Cub Scouts, 29 strong, accompanied by Messrs. Westphal, Humphrey, Monti, Bryant and Godbold, were members of the Knothole Gang, guests of the management, as was the Intermediate Youth Fellowship Group of the Methodist Church, with Mmes. Elam, Slaten, Underhill and Quiggle accompanying.

Santee Community Methodist

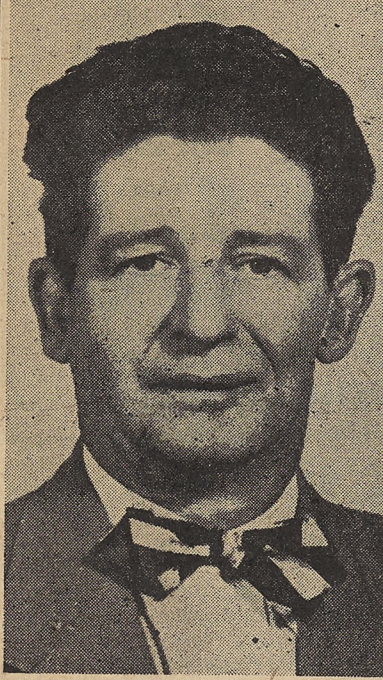

Installation was held last Thursday for the new officers of the Woman's Society of Christian Service of the Santee Church by the Rev. Huckaby following the devotional service by Mrs. Hugh Divine. The gavel, representing the two years of faithful

service given by the outgoing president, Bobby Martin, was handed to Mrs. Harry Elam, who will head the group for the ensuing term.

The pending project of the organization is the big rummage sale to be given on National ave. in San Diego, June 9. Cartons of your outused clothing may be left at the Church or a phone call to H. 4-5861 will have someone stop at your house and pick it up. Net receipts from this enterprise will be used to modernize the plumbing fixtures of the parsonage bathroom.

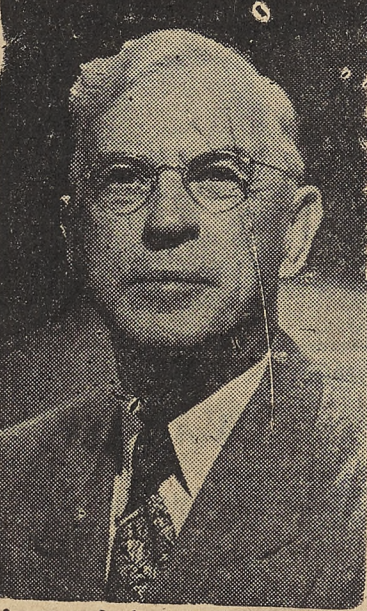

Vacation Church School at the Santee Church will open Monday following the close of school, June 19, and will continue for two weeks.

Nixon Would Aid Small Business

Tax incentives to provide greater opportunity for small business are urged by Congressman Richard Nixon, candidate for election to the U. S. Senate.

Charging the present National Administration with rendering only lip service to small business and with failing to take any constructive steps in its behalf, Mr. Nixon declares:

"Proprietors of small business should be permitted to spread their profits and losses over a five-year period for income tax purposes. This would be most helpful to existing enterprise and would be an inducement to new small business, encouraging that type of competition which has always been responsible for good business conditions in our country."

The Optimist Club

Lakeside

Calif.

Vol. II Thursday, June 1, 1950 No. 46

Excuse us please but we just can't help repeating that our contestant in the District Oratorical Contest came home with second prize. Our club is only one of the 88 clubs in the District as well as one of the smallest in number of members.

Our junior softball team lost its first game of the season last Saturday. Even with four key players not in the line up, Mount Woodson had to battle in two extra innings to win. At the last of the seventh inning Woodson was leading 11 to 7. Parker Damon helped change this by starting a rally which tied up the game 11 to 11 at the end of the seventh. The ball game ended 12 to 11 in favor of Mount Woodson at the end of nine innings.

Ever since we received our club charter, we have been wanting to sponsor a junior optimist club. It is almost a reality now. The junior club is presently organizing and in about three weeks will receive its charter. Our boys' work chairman is starting his year with a bang.

Here's the latest about the Cub Scouts. Two weeks ago our Cub Committee met at a dinner meeting with 20 interested Cub fathers. After dinner, a very orderly discussion got un-

der way. It's worth noting that almost 100% of the men present got on their feet and presented their ideas. After about one hour of discussion the group concluded that the main thing needed is parent education in Cub Scouting. The group also concluded this should be done in three outdoor get togethers during the summer. At these outings all Cub parents will gather for a weiner roast and a good time. After eating, films and speakers will inform the parents of what it expected of them and how the Cub program is set up. It is believed that parents will become better acquainted with each other and better informed about Cub Scouting. At the last get together before school opens in the fall, the parents will decide whether or not they want a Cub Pack in Lakeside, how it will be organized and who will run it. The first outing is scheduled for June 16 and will be organized by a committee of five Cub Scout Dads.

All of this sounds like a good idea from here. What do you think? Let's keep up the good work. We are not only helping many boys, but because of the Optimists and Opti-Mrs. fewer people ask, "Where is Lakeside?" They know San Diego is 20 miles west of it.

LAKESIDE COMMUNITY PRESBYTERIAN CHURCH

T. E. ROBERTS, Pastor — Phone H. 4-5036 CHURCH

Vol. I Lakeside, California, Thursday, June 1, 1950 No. 46

The most important event on the Community Church calendar this week is the Sunday evening program for the purpose of previewing the Vacation Bible School. The program will begin at 8 p.m. Faris Edgar, Superintendent of the Sunday School will preside, and will introduce Mrs. Arthur Francis who is coming down from Los Angeles to direct the school. Local leaders who have volunteered to help Mrs. Francis will also be introduced. The details of the school set-up will be explained, a film strip will be shown to illustrate what actually happens in a Vacation Bible School, and questions will be answered. Special music for the program will be provided by the Junior Choir supported by an adult quartet. They will sing "The Holy City," the number which they rendered so beautifully on Palm Sunday.

The dates of the Vacation Bible

School will be June 19th through June 30th. The school will operate five days each week, Monday through Friday. The hours will be 9 until 12 each day.

Again we remind our friends that there is a service of worship in the sanctuary which is held concurrent with Sunday school. The primary purpose of this service is to make it possible for parents of Sunday school children to attend church. Sunday school and the early church services begin at 9:30. A nursery with a paid attendant is conducted each Sunday from 9:30 until noon.

Sunday evening, June 11th the Community Church will be host to the graduating class of the Lakeside School for their annual Baccalaureate Program. Sunday morning, June 11th, the Lakeside-El Cajon chapter of Job's Daughters will attend the 11 o'clock service in a body.

Penney Girls' Team Continues To Win

The powerful El Cajon J. C. Penney girls' softball team added two more scalps to their belts during the past week, defeating the Opti-Mrs. girls' team from Lakeside 27-1; following it up with a decisive victory over the Helix Laundry girls of El Cajon, 14-0.

This makes the sixth straight win for the local lassies. Pitchers for the Penney club have allowed only four scattered hits in the six games thus far.

Pat Snelling, local mound sensation for the Penney Club, has struck out as many as 13 batters in a single game.

Georgia Hawthorne will take over the mound duties for the Penney club Wednesday night against the strong Pacific Beach Merchants at La Jolla, while Shirley Cameron, two-time winner in as many starts, will take over the pitching assignment for the local girls against La Mesa on La Mesa's Lyle Field Thursday night.

Pat Snelling will pitch in the carnival against Oceanside in the final game at the Municipal diamond.

The Lakeside Home Department of the Farm Bureau will meet June 12, Monday, for a picnic lunch and business meeting at the Martin home on Willow rd.

Members are asked to note the change of meeting date and place. To reach the Martin ranch, turn left at the El Monte pumping station and cross the river.

The meeting will start with the picnic at 11 a.m.—the business meeting to follow. Each member attending is requested to bring a half dozen of her fanciest sandwiches.

Marguerite Wurtsbaugh, Home Advisor, from the State office, will be in Lakeside, Friday June 9, to give advice on home decorating, arrangement of furniture, and related subjects.

Home Department members who would like to confer with her are asked to contact the chairman, Mrs. A. Macgillivray.

Members of Ranch Branch, Women's Alliance of the First Unitarian Church were luncheon guests of Mrs. S. Clark Steeltie of La Mesa Wednesday.

Those attending from El Cajon were Mrs. Clara Fry, Mrs. Helen Charney, Mrs. Elsie Albers and Mrs. Victor Odin of Winter Gardens.

Lethargy

I couldn't be bothered. Nobody else does it, why should I? The central figure is I in smugness but ready to criticize the other fellow for not doing what we ourselves are negligent in performing. The load in an integrated society is heavy and its distribution uneven and laborious. We have seen what complacency can do and has done in the years just passed. It has twisted our economy and mental attitudes into a kink that may take many years to untangle and correct.

There are individuals who prey upon the lethargy of folks and build for themselves a tower of strength from which it is difficult to dislodge them. The effect of such action is subtle and grows and grows until it becomes a serious menace and irresistible. Then it is too late and the folks who sat idly by waiting to let "George do it" find themselves in bad straits.

Fortunately, we have amongst

us many sincere and sacrificing people who are willing to assume responsibility and do not feel a sense of martyrdom in the performance of their duties. But why should the few shoulder the burdens of the many? Inevitably, those who do the least are the first and loudest to criticize. A spirit of helpfulness and cooperation is essential without waiting until things happen when it becomes too late to change back the order of normalcy.

Our problem is serious, and unless everyone contributes his or her share to the support of the social and economic welfare, be it at whatever level in our society, they must be prepared to accept whatever results and consequences accrue.

GUHS Board Decries Marxian Approach To School Problems

Whereas, the members of this board are elected officials charged with responsibility for governing the Grossmont Union High School District schools within regulations formulated by the State Board of Education and the State Superintendent of Public Instruction, and

Whereas, we believe a fundamental purpose of public education in our State to be that of training children and youths to adopt, advance and defend the democratic ideals under which our nation has grown great, and

Whereas, Miss Bernadette Doyle, an avowed Communist Party is a candidate for this high position, and

Whereas, Miss Doyle has listed "Ten years' training as a Communist" as a guide, a scientific Marxist approach to community problems" as her qualifications for this position, and

Now Therefore Be It Resolved that the Grossmont Union High School District Board of Trustees urge all citizens to aid in informing voters regarding Miss Doyle's political affiliation and the brazen attempt of the Communist Party to gain control of California's Public School system. Teachers Oppose Doyle's Candidacy

Pointing to Miss Bernadette Doyle's candidacy for State Superintendent of Public Instruction as a "brazen attempt by the Communist party to achieve control of public education in California," the California Teachers Association today called on all newspapers to assist in exposing Miss Doyle's acknowledged party affiliation to all voters.

In her declaration of candidacy filed with the Secretary of State, Miss Doyle wrote that her occupation for the past nine years has been doing "educational, organizational and political work for the Communist party." She listed the Communist party of San Diego as her present employer.

As her qualifications for the position, Miss Doyle cited "ten years' training as a Communist, learning to organize, work with others and respect their abilities, using as a guide, a scientific Marxist approach to community

Schrade Pledges To Spend Tax Money Carefully

Sacramento isn't the only place where well-financed "lobbyists" are trying to take over government and exert their influence toward using public offices and public officials to serve their selfish ends, according to Jack Schrader, candidate for County Coroner, in a statement made yesterday.

"We see increasing signs of big money interests attempting to elect their own candidates to office—and, to control them after they are elected. In some instances, I'm afraid the best interests of the public are completely forgotten in the desire to serve the powers instrumental in electing candidates to office," Mr. Schrader said.

"I'm glad to say I don't have any such backing in my campaign for the Coroner's office. That means I don't have the money to spend on an expensive campaign—and I don't have any big business donating their expensive advertising facilities for my use."

"But it also means I owe nothing to anyone except the voters and the citizens for whom I will be working."

"The finances for my campaign come from the operation of my business in El Cajon, and from some of my neighbors in El Cajon Valley who have spent a few dollars urging their friends to vote for me."

"In my opinion, we should begin to look more and more carefully at who is going to control certain candidates, and whether these candidates will be able to impartially serve the public if they succeed in getting into office."

"There is a great opportunity to be of real, lasting service to the public in the Coroner's office, and it is my hope that I will have the opportunity of demonstrating to the public of San Diego county what can be done in the way of giving them a full dollar's worth of service for every tax dollar spent on the office."

problems."

In explaining the teachers' stand, Dr. Rex H. Turner, Oakland, president of the California Teachers' Association, declared "Teachers of California are concerned that an acknowledged Communist has aspired to this highest office in the state public school system. We do not wish our profession represented by such a candidate."

Asserting that Miss Doyle is not a teacher and has no status in the education profession, Dr. Turner pointed out that the Communists probably selected this office as their goal since party registration does not show on the ballot for non-partisan offices, thus giving the voters no indication of the candidate's affiliation.

Pianist, Revivalist, at Tabernacle Temple

The Evangelistic Tabernacle, located at Avocado and Washington streets in El Cajon, announces that Eddie Hahn, a talented young pianist and organist from East St. Louis, Ill., is currently playing the piano in the services of the Tabernacle.

Those who have heard Mr. Hahn have high respect for his ability as a musician and especially so for the spiritual quality of his musicianship. The young people enjoy his music and singing about the piano.

Also slated for Sunday evening at 7:45 is Mr. A. J. Schoonover, from the northern part of California. Mr. Schoonover stirred the congregation with his message last Sunday evening.

The folk of the Valley and community are cordially invited to the tabernacle to enjoy and take part in the services.

DeFere Has 3-Point Program for D. A. Office

Roland F. de Fere, candidate for District Attorney, last week presented his contention that the present incumbent's administration had been marked by "careless expenditures" and added that, if elected, he would immediately pare operational and maintenance costs of the office.

Speaking before the La Jolla Kiwanis Club in the Valencia Hotel, Mr. de Fere gave members these points which, he said, would contribute toward ironing out the situation:

1. Vigorous, capable and aggressive prosecution of the law.
2. Complete cooperation with the Sheriff's office and Police department.
3. Enlisting the aid of parents against juvenile delinquency.

God, the Only Cause Christian Science Text

"God the Only Cause and Creator" is the subject of the Sunday Bible Lesson in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Jeremiah: "He is the former of all things; and Israel is the rod of his inheritance. The Lord of hosts is his name." The following passages from Isaiah and the Psalms are included in the Scriptural citations: "The earth bringeth forth her bud, and as the garden causeth the things that are sown in it to spring forth, so the Lord God will cause righteousness and praise to spring forth before all the nations." "The Lord is gracious and full of compassion."

The words of his hands are verily and judgment; all his commandments are sure. They stand fast for ever and ever, and are done in truth and uprightness."

On this subject Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Spiritual causation is the one question to be considered, for more than all others spiritual causation relates to human progress. The age seems ready to approach this subject, to ponder somewhat the supremacy of Spirit, and at least to touch the hem of Truth's garment."

BIG INDIAN COLLECTION
The largest collection of unpublished information on California Indians in existence, a product of many years research by the naturalist and anthropologist C. Hart Merriam, has been given to the department of anthropology on the Berkeley campus of the University of Calif.

This document, from the "Our State's Heritage" collection of Union Title Insurance and Trust Company, is an enlarged reproduction of a decree issued in 1853 establishing Los Angeles as the capital of the Territory of Alta California. Actually, Los Angeles never did become the capital because no one would provide rent-free quarters for the Government.

The document is one of 26 from the "Our State's Heritage" collection made available by Union Title Insurance and Trust Company for local display in connection with California's Centennial celebration.

Displays are changed each week, and may be viewed during the regular business hours of the bank.

Warren Pledges Impartial Service

A promise that he will campaign honestly and, if elected, continue his impartial service to all the people of California, came today from Governor Earl Warren, a candidate for re-election.

Mr. Warren declared that during the campaign he will tell the people the truth, and see that they get the truth about other candidates, too.

"I cannot outpromise James Roosevelt," he said, "because that is impossible. He promises

Assessor Warns Voters To Be Alert To Socialism Danger

There are no frills in operation of the County Assessor's office, and there will be none if he is retained, Crowell D. Eddy, County Assessor who is a candidate for re-election, declares.

At the same time, he warned that San Diego County can get socialism without a vote if rising taxes collide with a recession. As taxes go up, he declared, incentive and ability to pay them decrease, and properties go off the tax rolls.

"In the last depression," he recalled, "\$500,000 worth of lands under one ownership here went off the rolls. If the thousands of young men who have bought homes with small down payments should lose their jobs, they would have to give them up and the government would take them over. Thus we would have the Federal Government owning a lot of houses off the tax rolls, and the state owning tax-delinquent property, which would give us socialism without a vote."

Building Gains In Southern Counties

Building in the 11 Southern California Counties continued on the increase during the month of April when construction valuations advanced 39.4% over January, according to the construction summary issued this week by the Building Contractors Association of California. Actual valuation of construction started during April increased to \$112,823,364 over January's \$81,006,506.

Single family dwellings again led with 10,453 units provided, with a total valuation of \$74,587,153. Duplexes accounted for 586 units at \$2,713,894; multiple dwellings, 1,379 for \$6,903,778; commercial buildings \$5,089,040 and addition and repairs \$12,258,873.

BUILDING YOUR HOME

By A. H. MULDER
Winter Gardens

After the joists and rafters are up and nailed on and the roof braces are in you can nail all the short blocks you have laying around on to the top plate between the joists and rafters. This is used as backing for the latter to nail the stucco mesh to. Be sure to leave out every fourth rafter space so you can put in a screen vent for air circulation between ceiling and roof.

The white-rock roof seems to be the coming thing as it has proved its value in regard to heat reflection from the sun's rays. There will be an article on roofing coming along in the near future.

I guess I got a little ahead of myself as I forgot to mention wall bracing and fire blocking. After you have raised your walls up and nailed the top plate down, plumb and brace them with a piece of sheathing nailed to studs and plate. You can then proceed with joists and rafters and roof sheathing. Next you can work in the shade cutting in diagonal bracing and fire blocks while a plumber is running rough plumbing in and putting in fixture vents. A plumbing article will be published in the near future.

Now is the time for your electrical contractor to come in and run his outlets and wiring and your last chance to add some more outlets. Now you can begin to see what your future home is going to look like. I am going to follow up the roofing article with one on the need of adequate wiring.

Leadfoot Lewis Breaks Own Record At Jalopy Races

By VIC

A good track, plus a fine day and a feeling that he was "just right" helped Bill (Leadfoot) Lewis break his own record at the Lakeside Arena last Sunday. His new time was 20:56. Lewis then went out and won the trophy dash, after starting in last position.

Mary Wilderman of El Cajon presented the trophy.

A jeepster was donated by Al Orchard, El Cajon and San Diego county Willy's dealer for the use of Mary Wilderman and her friends, Betty Meachum and Claude Russell.

The semi-main event was won by Dick Tries, with Curley Ashmen a close second.

The main event was won by Jack Schriver; second, Bill Lewis. Sunday's races were notable for good racing and a minimum of wrecks.

Lemon Grove 4-H Club, Having Rapid Growth

Officers of the fast growing Lemon Grove 4-H Club are: Daniel Schulte, president; Bob Fettes, vice-president; Carladona Whiting, secretary; Peggy Robinson, treasurer and Frank Rose, reporter.

Membership in the club is increasing so fast that it appears that the group will have to form separate project clubs. Mr. J. C. Pickens, of the Lemon Grove Kiwanis Club, sponsors of this 4-H Club, says that additional leadership will be needed to help all the boys and girls interested in carrying on 4-H Club work.

Anglers Cash In On Yellowtail Run

SAN DIEGO. — Poles bent double and lines strained to the limit as anglers in the fourth annual San Diego Yellowtail Fishing Derby hit into schools of big fish at the Coronado Islands off the La Jolla kelp beds. Highlight of the week's fishing was the landing of the largest Yellowtail of the 1950 Derby thus far and a severe shaking-up in the standings of the top Derby leaders.

Tom Robinson, 11930 Mayfield ave., Los Angeles, hauled in a 48 lb., 3 oz. Yellowtail on May 18 to nose out three other large fish and take first place among the weekly prize winners for the period ending May 21 and the current Derby lead. Robinson won an Evinrude outboard motor, 300 yards of Rain-Beau Nylon line and established himself in a good position to cop the grand qualifying prize of an all-expense two-weeks fishing trip by air to Alaska.

Other winners of prizes in the week preceding May 21 included Roy Maille, 1945 Adams ave., San Diego, 43 lbs., 10 oz.; E. W. Borquin, 4585 Park blvd., San Diego, 36 lbs., 10 oz.; and Buford Trelikes, 810 Palm st., El Cajon, 28 lbs., 14 oz.

June 2-9 Is YMCA Camp Sign-up Week

June 2-9 is YMCA Camp Marston Sign Up Week for boys and girls of Lakeside and other San Diego County communities planning to attend Camp Marston during the 1950 summer season, according to David Barnes, Program Service Chairman, San Diego County YMCA.

Continuing through camp sign-up week Y clubs and community groups will conduct rallies and meetings presenting the camp program. Camp Marston, located in Pine Hills near Julian, in over 30 years has developed facilities providing swimming, fishing, boating, horseback riding, nature study, and other outdoor activities. They will be increased late in 1950 with the addition of Holmes Lodge now under construction.

Art J. Northrop, Associate General Secretary, San Diego County YMCA, will direct the opening county younger boys period, June 12-19. The third annual girls period for girls 9-16 years at Camp Marston will be August 4-10 with many of the school faculty members and other counselors expected in the leadership. Bill Poirier, General Secretary of the San Diego County YMCA, and Mrs. Poirier will supervise the program. Howard Christman of the San Diego YMCA is Camp Executive.

Camp registration of County Y periods is well ahead of last year at this time. Camp folders and applications are available in most schools and may be secured by phoning Franklin 3175.

A few years ago we saw Lakeside. It was the best spot we had seen. So we bought a home here determined to stay.

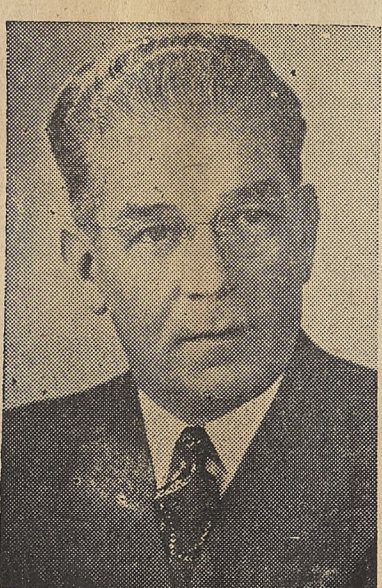

After awhile we could see no reason for working all over the County while living here. Also, we were informed, time after time that,

where plumbing is used, plumbers are needed.

So here we are. We're going to stay and we are just aching to solve your plumbing problems.

How long has it been since Lakeside boasted a girls' night entered in the San Diego County Softball League? Long enough, anyway!

Now is your chance! Lakeside needs the team, and the team needs Lakeside.

Coach Art Stone says the roster is nearly completed. So far it reads as follows:

Gloria Barnett, Gail Benegas, Alice Funnell, Nancy Giles, Wanda Harless, Mary Lou Heatherley, Kathy Healey, Carol Jehle, Barbara Kotter, Karlene Larsen, Germaine Maggini, Darlene Salas, Frances Woods.

We will have an opportunity to see them in action at the San Diego County League Carnival in El Cajon at 7:30 Friday night, June 2. That's the same night of the Firemen's Ball. The Opti-Mrs. sponsored team plays the first two innings so everyone can attend both events! See you Friday night.

Move over Mr. Sutton—you've got competition in the cleaning business. Jane White's line is loaded with girls' softball uniforms. She's our Girls' Work Chairman — says we have new jerseys ordered, too.

The source of the odoriferous air near the Meat Department that had "Pop" George and half the customers buying DIAL soap, has been located in the canned fish section . . . Anyone wanting a "good buy" on 6 boxes of Gorton's Kodaka Codfish will have to get off the ceiling joists in the back room. Those who have never eaten any of this product will enjoy the interesting story Dr. Carlisle tells about its processing plant.

When "Pop" George was a young butcher (in the last century) he used to give the girls a line of rhyme that went like this . . .

"I never SAUSAGE eyes as thine, And if you'll BUTCHER hand in mine

And LIVER round me every day, We'll seek some HAMlet far away;

We'll MEAT life's frown with love's caress And CLEAVER road to happiness."

Ramblin' Around

Elks Lodge, 1812, of El Cajon, is planning a ladies night for Saturday, June 17, at Kiwanis hall.

A buffet supper will be served at 11, with dancing and entertainment preceding and following.

Mr. and Mrs. C. A. McGill left Monday and drove to the Colorado river this side of Yuma. They fished at Brownie's Place and found the fishing very good. They brought back the limit including some bass. They report the weather perfect.

Have you tried one of the dinners cooked by Pat Carpenter at the Lakeside Hotel? We'll guarantee you'll not come away hungry and the food is well cooked and reasonably priced.

We understand Fred Prindle is a little superstitious about \$2 bills. If we had a \$2 bill, we'd try to pass one on him and see what happens.

Now that the dust has settled, it looks like the Battle of El Monte Park has ended and the local militia came out pretty well on top in Lakeside's miniaturization. Latest information that the park will remain pretty much the same as it has been and the county will be saved a few thousand dollars for expensive alterations.

People aren't much het up locally over politics, judging by the sparse turnout at the Park Monday, where Candidates McKinnon and Driver put in personal appearances.

Have you seen Sam Maniscalco's latest portrait? Take a gander at it in the window of the Lakeside Liquor Store. Sam might oblige and furnish his friends additional copies on request, provided they have a wall large enough to hang it on.

We are beginning to sour just a little on a flock of swallows that made their mud nests in the eaves of our garage. For a while we were singing their praises to the skies, how they kept other birds from eating the fruit and berries and kept the air free from flying pests. Only trouble is, they think they own the place and every time we go out to water the back lawn, they set up a clamor that can be heard a block away. It won't be too soon when these swallows raise their young "uns and move on. Next year we'll greet their arrival with a cold eye.

Political issues sometimes make strange bedfellows. Such as the current case of the legalized gambling initiative that is to be voted on this fall. Many people are against it as a matter of principle. The gambling interests of Nevada are said to be against it because it hits at their pocketbooks and have raised a fund of \$1 1/2 million dollars to keep gambling from being legalized in California.

We see by the minutes of the Board of Supervisors that San Diego County has a snowplow for sale. Chambers of Commerce and Heaven on Earth Club please note.

Plenty went on this last weekend to keep reporters hot-footing it over the County. Sunday the Eagles had their all-Western Days Horse Show and don't let anyone tell you there are no beautiful horses in this Valley—to say nothing of the girls who ride 'em. From there to the new El Cajon Speedway to see the jalopy maniacs try to break their necks . . . then to Lakeside for another crop of jalopy daredevils in the main event. The way these boys get tossed around in those tin cans makes a fellow wonder what their bones are made of. Added to this, the Lions had a picnic at Felicita Park in Escondido, where they roared in

true Lion fashion. As if this wasn't enough, the Sheriff's Rangers were at Warner's Hot Spgs. And believe it or not, Jack Schrade made all of 'em. We begin to think that fellow is a flying saucer.

One thing that brought an old fellow's boyhood days back was the Memorial services held at the Memorial Building Tuesday. We can remember many years ago when Dad put on his GAR uniform. In those days the old boys let go—flags, speeches, fried chicken, beer—all the while fighting over again the battles of Shiloh and Gettysburg. Yep, and we dreamt of the days when we would wear a uniform. Now, we dread the days when our growing sons will have to wear 'em. A fellow's viewpoint sure can change. Talking about signs, we see that the Howell Lumber Co. has one you can't miss. Whoever put that one up knew his stuff. Have you noticed that the afternoons are beginning to warm up plenty? That makes the average American think of a cool stream and a trout pole. Also about that new car to go on a vacation that takes so much out of a fella that he's no good on the job for three months after. While on this vacation and car theme, we see that morons behind wheels are not decreasing, if the traffic toll over the Memorial Day holiday is any criterion. Why is it that some fellows are such swell guys and the minute they get behind the wheel immediately sit on their brains? To a person who drives every day, the wonder is not how many accidents, but how few, when you consider the irresponsible moronic manner in which some people drive.

What is more annoying than to have to grow up before you get the mumps? We know one swell-looking young matron who is undergoing the initiation. We could name a lot of funnier happenstances than having mumps. This holiday business sure puts a cramp in a person's work. Why not devote a holiday to end all holidays such as say—take all the National holidays and celebrate them at once. There are something like eight National holidays, so suppose we just shut up shop and celebrate a holiday week. While on that subject, why not a button or pin to end all pins? Say a fellow belongs to the Elks, Eagles, Moose, Owls, NGSW, Macabees, Ancient Order of United Workmen, Modern Woodmen, Foresters, Redmen, Modern Brotherhood of America, BRT, ORC, Druids, ad infinitum. Just make one lapel button the size the Kiwanis wear at their luncheon meeting—or say something about the size of an oven door—listing all the orders on it. The way it is now, we have a character in this office who belongs to so many lodges that if he had to wear the lapel pins of all of 'em, he'd have to have a suit made to order, with lapels down the front and back. Notice that homes in the new Carroll Square subdivision area are getting filled up. Veterans who have been putting up with the housing shortage and living with in-laws can sure appreciate living under their own roof.

We see that the San Diego Journal has folded up. It always leaves a feeling of loss when a newspaper passes out of the picture even if you don't entirely agree with its policies. However, in the newspaper game more than in any other, it's a case of the survival of the fittest, and birds who have been riding a gravy train for years find the going rough when faced with competition by those who know what competition really means. In this game it's not a case of whether there's enough room. It's a case of making room.

Have you made up your mind who you are going to vote for next Tuesday? If not, do so and

VOTE. The guy who does the most pontificating on the curb about conditions is usually the bird who was too busy to vote. The right of voting is the sign that you are a free man. It is beyond price; should be exercised and guarded. Dictators don't slip in when free men are alert. By the way, do you realize that in 20 days more the days will begin to be shorter? Where, oh where, does time go? Almost half the year gone, and the Xmas bills barely paid.

Why does a good-natured guy like Harry Hill have to own such a tough cat? That Siamese cyclone known as Sam doesn't care to get acquainted. He's got every dog and cat run out of our alley, and any attempt to get acquainted results only in a dirty look. He'll never make a good advertising salesman at this rate. Some lady was remarking how lucky men were that they did not have to make up their face a dozen times a day. Oh, yeah? At least, the women don't have to scrape whiskers off their chins every morning. That's an entirely different operation from patting a powder puff or using lipstick. Take it from one who knows—this daily harvest of spikes off your chin is nothing to dream about.

By FRANK DIEDERICKS
Home Planning Editor

The overall area of only 886 sq. ft. is deceiving in this home when one studies the general plan and the room sizes. All the facilities of a much larger house are incorporated in this plan and still there is good spacing and access to all areas. The width is 32 ft. 6 in. and the depth 33 ft.

LIVING ROOM

The fireplace located in the center dominates this room and is also visible to the dining room. The rear wall is free of openings and therefore offers excellent opportunities for an interesting furniture arrangement which would be seen in conjunction with the fireplace upon first entering the home. The dining room is open to the living room thru the large cased opening. Both rooms are provided amply with windows for both decorative and practical reasons.

KITCHEN-SERVICE

This most compact unit is designed for convenience and arranged with simplicity in order to facilitate the preparation and serving of meals. Windows on two sides add the lightness and ventilation for the room. The service

porch is ample for all the required fixtures and in addition to its service requirements it provides a private rear entrance to the bath and bedrooms eliminating the necessity of passing through the dining or living room.

BEDROOMS

The room to the left being the larger is the main bedroom and is provided with very large wardrobe. Both rooms are very convenient to the centrally located bath and the short hallway connecting these areas is partially the

reason for added room area in a home of this size. Full size coat and linen closets are located in the hall.

APPEARANCE

This small home has been designed in a clean straightforward manner. Its very simplicity is a desirable feature. The roof lines are broken enough to add character and yet are proportionally arranged. Wood siding is utilized partially on the front to add warmth and interest. Shutters and plant shelf also seem to fill out the picture and yet do not clutter up the pleasant appearance.

PLANS AVAILABLE

Building blue prints of this house, No. 569, including floor plans and elevations, are available at \$7.50 for the first set, and \$6.25 for each additional set, when ordered through this newspaper.
